What is the average donation and largest donation amounts by years in recent five years?

```
## # A tibble: 5 x 3
##   election_year avg_amount max_amount
##         <int>      <dbl>      <dbl>
## 1      2012        395    100000
## 2      2013        211     65000
## 3      2014        282     52000
## 4      2015        143    13178
## 5      2016        237     60000

## `stat_bin()` using `bins = 30`. Pick better value with `binwidth`.
```

Let's take a look at the **Table** ## Including Plots
